# 3. Majextand M adhesive docking sheet installation notes

Wipe the device's surface by using an <u>alcohol pad</u>.

 Align the center of the four metal pads and <u>target the</u> <u>center</u> of the device or phone case.

 Applying sequence (1): From top to bottom, set the adhesive docking sheet at the center of the device.

4. Applying sequence (2): Squeeze the bubble from the center to the edge.

5. Make sure that there is **no bubble between adhesive docking sheet and the device** to complete the installation.

## 4. Operating instruction

- Please attach Majextand M onto the adhesive docking sheet's metal pads, align gently until both parts be jointed.
- 2. Put the forefinger on the upper edge groove Majextand M base and pull.

3. **Press the buttons on both sides** to adjust the angle of Majextand M.

\* Reminder : When adjusting Majextand M, please be careful.

 Remove the device from Majextand M to switch the horizontal and vertical.

5. Press the buttons on both sides to close the Majextand M.

\*Reminder : When closing Majextand M, please move it slowly and be careful.
